FILIP GRIGOROV

RESUME

Graduate software engineer with strong front-end and back-end development skills. Experienced in creating user-focused web applications using HTML, CSS, JavaScript, and modern frameworks such as React. Skilled in backend development with Django and API integration. Developed a custom C# desktop application for managing restaurant orders. Proficient in Adobe Illustrator and Photoshop for UI/UX design, branding, and graphic creation. Experienced with Microsoft Office tools including Word and Excel. Currently attending a JavaScript Academy to further deepen my modern web development skills.

SKILL

- Web application development (HTML, CSS, JavaScript, React)
- Desktop applications using .NET (C#)
- UI/UX & graphic design (Photoshop, Illustrator)
- Website maintenance
- System administrations
- Strong communications and teamwork
- Responsibility, dedication, and growth-oriented mindset

EDUCATION

- Bachelor of Software Engineering — MSU "Gavrilo Romanovich Derzhavin", Sveti Nikole (2023)

- High School — Computer Technician & Automation, SOTU "Gjorgji Naumov", Bitola (2013)
